### **TonenGeneral Agrees to Multi-Year Contract with Enterprise Products for LPG Purchase**

TonenGeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; president: Jun Mutoh; herein referred to as “the Group”, which includes subsidiaries and related companies) has agreed to the conclusion of a multi-year contract with Enterprise Products Partners L.P. for the purchase of approximately 600,000 tons of liquefied petroleum gas (LPG) at Mont Belvieu (North America price index) link.

The Group, in order to continue providing a stable supply of energy and in line with its mission to be the premier petroleum and petrochemical company in Japan, is working to strengthen its core business as the focus of its strategy to maintain customer-oriented sales operations while reducing costs and improving efficiency in all areas of its business. In light of recent developments in shale gas in the US and expansion of the Panama Canal slated for completion in 2015, the Group considers the agreement to a multi-year contract with Enterprise Products Partners L.P. to be conducive to the achievement of its business strategies.

The Group will continue its efforts to provide a stable supply of energy while reducing energy costs in the society.
