TonenGeneral Sekiyu K.K. Wakayama Refinery Participates in Local Jr. High Extracurricular Program

TonenGeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; president: Jun Mutoh) participated in an extracurricular program for students from Hatsushima Junior High School, located near the company's Wakayama refinery (location: Arida City, Wakayama; manager: Eiji Kato), holding four 2-hour learning sessions for 20 third-year students between June 24 and September 30.

This is the tenth year the refinery has participated in the program, in which students learn about the fundamentals of the oil industry, as well as environmental protection and safety procedures. They also participate in science experiments, refinery tours and training in the use of fire extinguishers under the instruction of refinery employees. The program gives the students the opportunity to learn directly from a local company the importance of supplying energy in a safe and stable manner.

The TonenGeneral Group believes that a company is one of the citizens that make up society, and we strive to be a good corporate citizen in all of the communities where we operate. In accordance with this principle, we support the extracurricular learning program of a local junior high school as one of our social contribution activities.
